

## NEWS RELEASE

### People in Business (Johnson City Power Board)

During their July meeting, the Johnson City Power Board (JCPB) unanimously approved the nomination of Phil Carriger as their new Chairman. Mr. Carriger's extensive business and banking experience combined with his devotion to public service make him an invaluable asset to the JCPB. The Board also welcomed Jenny Brock, Johnson City Schools Board Vice-Chair, into her first term as its newest member.

JCPB President and CEO, Homer G'Fellers, was appointed President Elect of the Tennessee Municipal Electric Power Association during its Annual Meeting. TMEPA is a membership association of 59 of the 61 Municipal Electric Power Providers serving over 70% of the electric consumers in the State of Tennessee. TMEPA's primary objective is to represent its members in the state legislative arena while also participating in national issues in conjunction with the American Public Power Association (APPA) and the Tennessee Valley Public Power Association (TVPPA).

Bill Hunt, JCPB Tree-Trimming Supervisor, has successfully completed the *Certified Arborist/ Utility Specialist* examination administered through the International Society of Arboriculture (ISA) and the local Chapter of the ISA. This distinction adds to Mr. Hunt's previous Arborist certification and will serve as a valuable asset for the JCPB territory.

The JCPB serves over 74,000 customers within Washington, Sullivan, Carter and Greene counties in Northeast TN. The JCPB is a not-for-profit, public power provider and is the tenth largest of the TVA's 158 electricity distributors. The JCPB also offers a wide variety of energy services and programs to its residential and commercial customers.
